S 580

A close-up photograph of the rear of a black Mercedes-AMG S 580 sedan. The car is parked on a grey asphalt surface. The rear window is highly reflective, showing a clear reflection of a cloudy sky and a dark, leafy tree. Below the window, a silver "S 580" badge is mounted on the trunk lid. A prominent, multi-segmented red LED taillight is visible on the left side of the frame. The car's body is finished in a glossy black paint that reflects the surrounding environment. On the right side, a portion of a black license plate is visible, featuring two silver mounting bolts.
